postal region

Address format
CJSC «Haypost» recommendations:
- address lines should be ordered from the specific to the general (from top to bottom);
- addressee’s name and function should be placed before company name;
- address should be written only in English, French or Russian;
- only Arabic numerals should be used;
- each line should contain a maximum of 40 characters;
- the following symbols should be avoided: full stop (.), dash (-), comma (,);
- address lines should be aligned on the left;
- names of places and countries should be written in capital letters.
