

Dear Reader,

In order to keep you up-to-date about changes in member countries' addressing data and addressing systems, we created this newsletter.

Happy reading!

News

	New Addressing Data	More...
	NRU Nauru	More...

In the current 2019.1 release:

- 45 countries and territories have updated their data.
- 3 data sets have been completely modified.
- 41 data sets in total are in the "Territories" folder.
- 265 data sets in total are in Universal *POST*CODE*[®] DataBase.

Universal *POST*CODE*[®] DataBase - new data

We are pleased to announce that, in addition to regular updates in the 2019.1 release, we have integrated new street listings for Zagreb, **Croatia**, premises-level data for **Chile** and street-level data for **Turkey**. Previously provided locality-level data for Turkey will be removed.

New postcodes for Nauru (unique postal code)

The President of Nauru, Baron D. Waqa and the Universal Postal Union's Director General, Bishar A. Hussein unveiled a new single postcode for the country: NRU68.

This landmark event has given Nauru its own postal identity.

The new address format and examples of how the postcode should be used in an address can be found here:

www.upu.int/fileadmin/documentsFiles/activities/addressingUnit/nruEn.pdf

The new postcode, along with street listings for Nauru, has also been added to the DataBase.
