Trading in has never been easier.

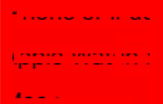

See how much your device is worth and save on a new one.

We'll give you a quote for what your current device is worth online or in a store. Choose a new one that's right for you and apply your credit toward that device.

Easily transfer your data.

When you get your new device, follow a few simple steps to safely transfer over your data and wipe the information from your current one.² And with **Trade In**, you'll have temporary access to all the **cloud** storage you need to back up and transfer all your apps and data to your new device. Here's how to prep your:

Just mail it out, or bring it in.

Return it to us using the prepaid trade-in kit we send you. Or trade in at an **Apple** Store.
