

Timbres-poste – Informations et répartition

Les timbres-poste, etc., ci-après sont répartis entre les opérateurs désignés conformément à l'article RL 113.2 du Règlement de la poste aux lettres.

Suite à l'enquête réalisée en 2008 sur le service de la répartition et sur le bulletin des timbres-poste, il ressort que la majorité des opérateurs désignés souhaite que le bulletin soit modernisé et plus facile à lire afin d'aider au contrôle des timbres-poste reçus par le pays récepteur.

Dans cette perspective, un certain nombre de modifications ont été apportées. La plus importante est celle concernant le thème du timbre-poste. Celui-ci intégrera uniquement la légende inscrite sur le timbre lorsque le pays utilise des caractères latins.

Pour les pays utilisant un alphabet non latin, il sera procédé à une traduction française et anglaise de la légende.

La liste des opérateurs désignés visés à l'alinéa précédent figure en fin du bulletin.

Postage stamps – Information and distribution

The following postage stamps, etc. are being distributed among designated operators in accordance with article RL 113.2 of the Letter Post Regulations.

A survey conducted in 2008 on the stamp bulletin and the stamp distribution service showed that the majority of designated operators wanted the bulletin to be modernized and made easier to read in order to facilitate checking of the postage stamps received.

As a result, a number of amendments have been made to the stamp bulletin, the most important of which concerns the stamp illustration. The actual words used on the stamp will only be given if they are in Roman letters.

Where a non-Roman alphabet is used, the inscription will be translated into English and French.

A list of the designated operators concerned will be provided at the end of the bulletin.
