Morocco – New prepayment labels

Dear Sir/Madam

The postal administration of **MOROCCO** wishes to inform the administrations of UPU member countries of the introduction of special labels dispensed by automatic vending machines. These labels, which will display thematic or commemorative images, form part of its philatelic product range.

The four label models, reproduced in the Annex, have the following features:

- Size: 34 x 52 mm;
- Four-colour reproduction of the French and Arabic names for the Kingdom of Morocco: "Royaume du Maroc المملكة المغربية";
- Design: four monument illustrations.

These labels will be used for the prepayment of postage on domestic and international letter-post items. The amount of postage, based on the item's weight and destination, will be printed on the label.

The labels may also be used in combination with any other postage prepayment method (postage stamps, ready-to-post product, franking meter impressions or PC labels dispensed at Barid Al-Maghrib office counters, etc.). Items bearing these labels may also be registered at the counter.

Yours faithfully,

K J S McKEOWN  
Director of Markets Development
