

Madame, Monsieur,

L'opérateur désigné de la **ZAMBIE**, Zambia Postal Services Corporation, me prie de communiquer ce qui suit aux opérateurs désignés des autres Pays-membres de l'Union:

«Zambia Postal Services Corporation saisit cette occasion pour confirmer et souligner le fait que, conformément à sa législation interne et à l'article 8 de la Convention postale universelle, Zambia Postal Services Corporation est la seule autorité officielle et le seul opérateur désigné opérant sur le territoire de la Zambie habilité à émettre et diffuser des timbres-poste au nom de la Zambie en vertu de la législation nationale.

La poste zambienne a récemment découvert, grâce à la communauté philatélique, qu'une série de 33 feuillets comprenant 36 timbres est distribuée et vendue sur Internet comme s'il s'agissait de timbres de la Zambie. La poste zambienne confirme que ces émissions sont illicites et ne peuvent constituer une preuve d'affranchissement valable. Elle dénonce et condamne fermement le concept, l'impression et la vente de ces émissions illicites. Cette activité regrettable cause un préjudice moral et économique à notre pays. Les personnes sans scrupules à l'origine de ces émissions cherchent à nuire à la bonne réputation de notre pays en faisant circuler des timbres-poste prétendument émis par la Zambie. Une description détaillée des timbres incriminés, qui, de plus, sont sans rapport aucun avec la culture et le patrimoine de la Zambie, figure en annexe 1.

Zambia Postal Services Corporation dénonce aussi, dans les termes les plus forts, ces émissions illicites et condamne les actions répréhensibles associées, conformément à l'article 11 de la Convention postale universelle ainsi qu'à la recommandation C 26/2008 (Code de déontologie philatélique à l'usage des Pays-membres de l'Union) du 24^e Congrès de l'UPU.

Par conséquent, la poste zambienne requiert la coopération, la solidarité et l'appui de tous les Pays-membres de l'Union et de ses organes pour interdire la vente et la circulation des timbres illicites conformément à leur législation et réglementation respectives ainsi qu'aux dispositions de la Convention postale universelle et prendre toutes les mesures nécessaires et appropriées pour traduire en justice les auteurs de ces émissions illicites. La production et la vente continue d'émissions illicites est une activité préjudiciable qui non seulement nuit à la philatélie et à la réputation du pays concerné, mais cause aussi du tort à l'ensemble des pays et du secteur postal au sens large.»

Veillez agréer, Madame, Monsieur, l'assurance de ma haute considération.

Raquel Ferrari
Directrice du développement
des marchés par intérim
