150° anniversario dell'UPU

L'Unione Postale Universale (UPU) è stata fondata il 9 ottobre 1874 a Berna da funzionari postali di diversi Paesi. L'UPU, alla quale San Marino ha aderito nel 1915, è stata una delle prime organizzazioni internazionali a promuovere la cooperazione e l'integrazione tra i Paesi.

Con i suoi 192 Stati membri, l'Unione Postale Universale aiuta a garantire una rete di prodotti e servizi accessibili a tutti a livello globale, svolge un ruolo consultivo, di mediazione e di collegamento e stabilisce le regole per gli scambi internazionali.

La Giornata Mondiale della Posta si celebra ogni anno il 9 ottobre proprio per celebrare l'anniversario della creazione dell'UPU.
