

CRYPTO STAMPS AND NFT:

WHAT FUTURE MODELS
FOR POSTS AND
PHILATELY?

Bhutan Postal Corporation Ltd
Mr. Karma Nidup
CEO

BHUTAN

Bhutan is a landlocked country with a small population located in the Himalayas, known for GNH and being the only carbon negative country in the world.

BHUTAN POST

Bhutan post is the only designated operator for Bhutan.

It started its postal services operation in 1962

ENDORSEMENT OF DIGITAL STAMPS IN BHUTAN

With the endorsement from the Board of Directors during 113th Board meeting held on 16th June 2022, the official contract was signed on 22nd August 2022 with Stampsdaq

We aim to gradually digitize in NFT stamp format our historic stamp collection as well as develop cryptostamp collection in the coming year

NFT STAMPS AND ITS EXPERIENCE AND CHALLENGES

EXPERIENCES

New and emerging concept for the philatelist

Digital transformation of traditional and physical stamps

CHALLENGES

Lack of awareness among the Local collectors on NFT and Crypto stamps

The slow moving demand and market around the world for digital only NFT stamps

Lack of in-house expertise regarding production of NFTs and crypto and the technologies associated with it
