

# Finland

## Postcode

### Postcode type and position

5 digits to the left of the locality name and preceded by "FI".

### Coding method

0 0 5 5 0

## Code format

In general, postcodes for home delivery end in "0" and those for P.O. Box delivery end in "1". However, postcodes assigned to large customers may end in "0" or "1".

Finland requests to add the ISO alpha-2 country code "FI" before the postcode.

## Address format

A national address consists of five lines at most, with empty lines omitted. Each line contains a maximum of 30 characters or spaces.

- Line 1 addressee name.
- Line 2 supplementary information in addition to addressee line.
- Line 3 information for forwarding within a business.
- Line 4 delivery address.
- Line 5 postcode and post office.
