## **1 Introduction**

### *1.1 Profile of the UPU*

The Universal Postal Union (UPU) was founded in 1874 in Berne, Switzerland, with the main goals of establishing a single postal territory for the reciprocal exchange of letter-post items and adopting common principles for the international postal service in a non-discriminatory manner. Currently comprising 192 member countries, the UPU became a specialized agency of the United Nations in 1948.

The main mission of the UPU is to stimulate the lasting development of efficient and accessible universal postal services of quality, in order to facilitate communication between the inhabitants of the world. It does this by guaranteeing the free circulation of items over a single postal territory composed of interconnected networks, encouraging the adoption of fair common standards and the use of technology, ensuring cooperation and interaction among stakeholders, promoting effective technical cooperation, and ensuring the satisfaction of customers' changing needs. The UPU is thus expected to play a major role in the continued revitalization of postal services.

Furthermore, the UPU facilitates the development of worldwide postal services by providing an information and communication technology framework that allows the designated operators<sup>1</sup> of UPU member countries to concentrate on the delivery of postal services to their customers. In this context, the UPU provides a global network with value-added services, as well as computerized applications for the management of international mail and international postal money orders.

## **2 Terms and conditions**

Unless otherwise indicated in this call for tenders, the term "Bidder" shall refer to any person, company or legal entity submitting a proposal in response to this call for tenders. The term "Vendor" shall refer to any selected bidder.

### *2.1 Confidentiality*

Bidders shall treat in strict confidence all information contained in this call for tenders and its attached documents that is not already publicly known or generally accessible, particularly any documentation marked as confidential and distributed by the UPU to Bidders as additional confidential tender documentation. Bidders shall prevent the disclosure or distribution of all such information to third parties and other entities and persons not expressly authorized herein. In case of doubt, these confidentiality provisions shall nevertheless be observed. All Bidders are obliged to observe these confidentiality provisions before, during and after the tender process. These provisions shall not affect the legal obligations of the UPU and Bidders to disclose information.

Bidders shall not use such information for any purposes other than those associated with this call for tenders. The call for tenders and all attached documents may be distributed or made available only to persons directly involved in the tender process on behalf of Bidders. If external agents or subcontractors are involved in the preparation of the tender documents, this must be indicated and their names provided in the participation notification (see section 2.14).

Bidders shall assume full responsibility for the compliance of their agents, consultants, employees and subcontractors, as well as any third parties involved on their behalf in this tender process, with these rules of confidentiality, and shall be liable for any damages resulting from misconduct or unauthorized disclosure.

If a Bidder violates the confidentiality provisions contained herein, it shall be liable to pay a penalty to the UPU unless it can prove that no fault is attributable to it. This penalty shall not exceed 50,000 CHF per infringement. Payment of any such penalties shall not release Bidders from their obligation to observe these confidentiality requirements.

<sup>1</sup> In accordance with article 2.1.6 of the UPU Constitution, a designated operator is any governmental or non-governmental entity officially designated by the member country to operate postal services and to fulfil the related obligations arising out of the Acts of the Union on its territory.

Bidders wishing to submit a proposal in response to this call for tenders must contact the person(s) specified in section 2.15 below and may, if necessary, request additional information from the UPU in relation to this call for tenders.

Without prejudice to the confidentiality provisions set out above, Bidders agree that the receipt of any such information may be subject to the prior signature of a non-disclosure agreement between the Bidder and the UPU, under conditions to be determined and communicated by the latter.

## *2.2 Legal status of the Vendor*

The Vendor shall be regarded as having, in law, the legal status of independent contractor. The Vendor and its agents, consultants, employees and subcontractors (as authorized by the UPU) shall in no way be regarded as employees of the UPU. Such agents, consultants, employees and subcontractors of the Vendor shall not be entitled to any employment benefits from the UPU. The Vendor alone shall be responsible for due payment of all compensation owed to such agents, consultants, employees and subcontractors, including payment of any employment taxes, benefits, compensation and insurance. The Vendor shall represent and warrant that it will comply with all laws, rules and regulations required by the relevant authorities, including the appropriate withholding, reporting and payment of all necessary taxes.

The Vendor shall be liable for all work performed, including any acts or omissions, by its agents, consultants, employees and subcontractors.

## *2.3 Scope of the call for tenders*

This call for tenders concerns the provision of support services with regard to the UPU's radio frequency identification (RFID) technology for a period of one year.

## *2.4 Background*

In view of its mission and development activities, the UPU has implemented a global network that uses RFID technology to monitor the quality of service provided by designated operators, generate real-time data to enhance visibility in the supply chain and provide the capacity to automate traceability.

The UPU's global RFID network is composed of RFID equipment and related software tailored to the needs of the postal industry. This network is continuously evolving to respond to digitalization challenges and interoperability requirements. Therefore, holistic hardware and software support services are required to ensure the performance of the network.

## *2.5 Objectives*

The UPU seeks tenders from IT providers with expertise in the field of RFID to provide remote technical support for the RFID network for a period of one year.

The objectives of these services are to:

- ensure the continuous performance of the RFID network across the globe. This involves delivering comprehensive technical support and proactive management services to ensure that each RFID device remains fully active, accurately configured and optimally maintained throughout its operational lifecycle. The Vendor will play a critical role in minimizing downtime and conducting preventive and corrective maintenance of hardware and software;
- support the implementation of new elements in the RFID network. This may entail the configuration and set-up of new devices in the network, or deployment of new components in the backend structure to optimize data collection and processing;
- manage improvements to the RFID network software, including the preparation of requirements, management of the deployment of upgrades, documentation of coding and performance of acceptance tests.

## *2.6 Use of subcontractors*

The Vendor shall not assign, sublicense, subcontract, pledge or otherwise transfer or dispose of its tender, or any of the rights and obligations contained therein or in an associated contract with the UPU, without the prior written consent of the UPU.

The approval by the UPU of the engagement of any subcontractor shall not relieve the Vendor of any of its obligations or responsibilities concerning the work performed by such subcontractors.

### *2.7 Use of the emblem, name and initials of the UPU*

Bidders shall not advertise or otherwise make public the fact that they intend to provide, are providing or have provided services to the UPU, or use the emblem, name or initials of the UPU in connection with their business for purposes of commercial advantage or goodwill, without prior and explicit permission from the UPU. Bidders shall take all reasonable measures to ensure compliance with this provision by their agents, consultants, employees and subcontractors.

### *2.8 Collusive bidding, anti-competitive practices and any other similar conduct*

Without prejudice to the provisions in sections 3 and 4 below, Bidders (including their agents, consultants, employees and subcontractors) shall not engage in any collusive bidding, anti-competitive practices or any other similar conduct in relation to:

- the preparation and submission of tenders;
- the clarification of tenders;
- the conduct and content of any negotiations, including final contract negotiations.

For the purposes of this call for tenders, collusive bidding, anti-competitive practices and any other similar conduct may include the disclosure to, or exchange or clarification with, any other Bidder of information (in any form), whether or not such information is confidential to the UPU or to any other Bidder, in order to alter the results of the call for tenders in such a way that would lead to an outcome other than that which would have been obtained through a competitive process. In addition to any other remedies available to it, the UPU may, at its sole discretion, immediately reject any tender submitted by a Bidder that, in the UPU's opinion, has engaged in any collusive bidding, anti-competitive practices or any other similar conduct with any other Bidder in relation to the preparation or submission of tenders, whether with respect to this call for tenders or other procurement processes conducted by the UPU.

### *2.9 Intellectual property*

This call for tenders and all its attached documents, including any content, forms, statements, concepts, projects and procedures explicitly or implicitly forming part of the call for tenders, constitute the exclusive intellectual property of the UPU. This call for tenders is communicated to the various Bidders with the sole purpose of assisting them in the preparation of their respective tenders. Any hard copies of this call for tenders shall be destroyed or returned to the UPU by unsuccessful Bidders at the request of the UPU.

### *2.10 Privileges and immunities*

Nothing in or relating to this call for tenders, the activities described herein or any potential agreements related thereto shall be deemed as a waiver, expressed or implied, of any of the privileges, immunities and facilities that the UPU enjoys as a specialized agency of the United Nations system, pursuant to the Swiss Host State Act and the Agreement on Privileges and Immunities of the United Nations (on Swiss territory), the Convention on the Privileges and Immunities of the Specialized Agencies (outside Switzerland), and any other conventions and laws recognizing and/or granting such privileges, immunities and facilities to the UPU and its officials (such as the International Organizations Immunities Act in the case of the United States of America).

Accordingly, the Vendor shall expressly acknowledge and agree that the property and assets of the UPU, including any archives, data, documents and funds belonging to the UPU or held by it (including, without limitation, the data/hosting environments and servers pertaining to or associated with the provision of the services, as well as any data or documents in any form belonging to or held by the UPU on behalf of UPU member countries and their designated operators), are inviolable and shall be immune from search, requisition, confiscation, expropriation and any other form of interference, whether through executive, administrative, judicial or legislative action. The Vendor shall immediately contact the UPU in the event of any attempt to violate or any violation of the UPU's privileges and immunities, and shall take all reasonable measures to prevent such violations.

In the light of the UPU's status as a specialized agency of the United Nations (and without prejudice to the observance, by the UPU, of any sanctions established by the United Nations Security Council), Bidders shall expressly certify their legal and operational willingness and ability to provide the services on a non-discriminatory basis for the benefit of all eligible entities established and/or situated in the territory of any UPU member country, irrespective of the existence of diplomatic relations between a Bidder's country of incorporation and/or operation and any UPU member country (including its designated operators).

#### *2.11 Tax exemption*

Pursuant to article III, section 9, of the Convention on the Privileges and Immunities of the Specialized Agencies, the UPU is exempt from all direct taxes and from customs restrictions, duties and charges of a similar nature in respect of articles imported or exported for its official use.

Furthermore, as an intergovernmental organization and a specialized agency of the United Nations, the UPU is exempt from value-added tax (VAT) in Switzerland (OLTVA, article 22; *Instructions 2001 sur la TVA*, articles 574, 816 and others), as well as in other countries. Therefore, all prices shall be indicated in "net" form, without VAT or similar taxes.

#### *2.12 Language*

Bidders must submit all tender documents entirely in English.

#### *2.13 Signature*

Tender documents shall be signed by a representative (or representatives) duly designated and authorized to act on the Bidder's behalf and with the authority to legally bind the Bidder and accept the terms and conditions of this call for tenders.

#### *2.14 Participation notification*

Not applicable.

#### *2.15 Contact persons*

Secretary of the Tenders and Procurements Committee  
 Universal Postal Union  
 International Bureau  
 Weltpoststrasse 4  
 3015 BERNE  
 SWITZERLAND

E-mail: [caa@upu.int](mailto:caa@upu.int)

#### *2.16 Further inquiries and questions*

Bidders must send any questions regarding the content of this call for tenders or any requests for clarification in writing to the contact person(s) listed in section 2.15 by 20 February 2026.

Answers to questions submitted by Bidders, as well as any additional information and updates relevant to this call for tenders, shall be published on the UPU website at [www.upu.int/en/Universal-Postal-Union/Procurement](http://www.upu.int/en/Universal-Postal-Union/Procurement).

#### *2.17 Delivery of tenders and deadline*

All tenders must be submitted to the UPU by e-mail only at [RFP-2026-004@upu.int](mailto:RFP-2026-004@upu.int) with "RFP-2026-004 – Radiofrequency network support services" as the subject line.

The deadline for the submission of tenders is **19 March 2026 at 17.00 CET**.

The UPU shall not take into consideration any tenders received after this date and time. Furthermore, it shall not accept any tenders sent to any e-mail address other than that specified above or sent by any other means.

There shall be no charge to the UPU for the preparation and submission of tender documents by Bidders.

### 2.18 Evaluation procedure

The objective of the UPU's evaluation process is to ensure the selection of a qualified, reliable and experienced Vendor capable of providing the specialized services and fulfilling the objectives set out in this call for tenders.

The UPU shall conduct its evaluation procedure with a view to determining as objectively as possible the tender that best meets its specific requirements. All tenders submitted shall be subject to an in-depth assessment, at the UPU's sole discretion, in order to enable the UPU to engage the most appropriate service provider. Due consideration will be given to Bidders' specific backgrounds, qualifications and experience in relation to the required services.

The prescribed structure of tenders, as set out in section 3, is mandatory for all Bidders. The UPU shall not take into consideration any tenders that do not fulfil the mandatory criteria.

Tenders received by the UPU must address all aspects of this call for tenders, and Bidders should identify any aspects where they envisage modifications being necessary or consider elements to be missing.

Tenders shall be evaluated on the basis of the following criteria, in descending order of importance:

- quality of the tender (according to the specifications herein);
- knowledge and experience of the Bidder and its team and/or consultant(s), as applicable to the subject matter;
- price.

The winning tender will be selected based on a non-exhaustive list of criteria as set out in section 4. Bidders should therefore consider how their tender corresponds with the criteria listed and clearly indicate this in their response document.

The deliberations of the UPU Tenders and Procurements Committee (TPC) are strictly confidential. The TPC shall submit a report on its evaluation of the tenders received to the Director General of the UPU International Bureau, together with its final recommendation, for his assessment and authorization.

The UPU is not bound to accept the lowest tender and reserves the right to accept all or part of a tender. In awarding the contract, account will be taken of both the overall costs of the work and of the nature and quality of the services to be provided. The UPU reserves the right to negotiate prices and terms and conditions of contract after receipt of tenders.

Bidders will be informed of the outcome of their tender as soon as possible after the UPU has made its final selection.

### 2.19 Modification, suspension or cancellation of the call for tenders

The UPU reserves the right, at its sole discretion and at any time before the conclusion of the tender process (i.e. at any time prior to the signature of the relevant contract with the Vendor), to modify, suspend or cancel all or part of this call for tenders.

### 2.20 Tentative schedule

Publication of call for tenders	6 February 2026
Deadline for submission of queries	20 February 2026
Deadline for provision of responses to queries	27 February 2026
<b>Deadline for submission of tenders to the UPU</b>	<b>19 March 2026 at 17.00 CET</b>
Estimated start of engagement	1 April 2026

### **3 Tender structure – Response format**

All information provided by Bidders must be fully compliant with the terms and conditions set out in section 2 above, as well as the provisions of this section and the service requirements listed in section 4 below.

Moreover, the requirements stipulated in this call for tenders must be met in their entirety, according to the structure defined below and following the sequence and numbering provided in this section. The UPU shall evaluate all Bidder responses in accordance with the structure defined herein and shall have the right to reject any tenders that do not fulfil the requirements of this call for tenders.

For each of the requirements listed in this call for tenders, Bidders shall answer with one of the following statements:

- covered;
- covered with limitations (explaining relevant limitations);
- not covered.

Where the answer is “covered” or “covered with limitations”, Bidders shall provide further details and/or examples of existing implementations of their solution in the field (existing use cases).

#### **3.1 Cover letter**

Bidders shall submit a cover letter including:

- a statement that the Bidder has read, understands and accepts all provisions of this call for tenders;
- the Bidder’s name, telephone number, postal address and e-mail address, and the name(s) of its representative(s);
- a statement that the Bidder’s tender documents are valid for a minimum period of 120 days.

The cover letter shall be signed by a representative (or representatives) duly designated and authorized to act on the Bidder’s behalf and with the authority to legally bind the Bidder and accept the terms and conditions of this call for tenders, and shall also include a confirmation of such authorization by the Bidder.

#### **3.2 Executive summary**

Bidders shall provide an executive summary highlighting the most important aspects of their tender.

#### **3.3 Bidder information**

Bidders must provide the following information:

- company structure, locations/subsidiaries;
- financial data (turnover, profit, etc.);
- partners and equity holders of the company;
- company history;
- references for similar services.

#### **3.4 Subcontractor information**

In the event that Bidders intend to engage a subcontractor for part or all of the services set out in this call for tenders, the following information must be provided with regard to the subcontractor(s):

- company structure, locations/subsidiaries;
- degree of involvement of the subcontractor in the provision of the services requested in this call for tenders;
- partners and equity holders of the company;
- company history;
- references for similar services.

### 3.5 Functional and technical proposal

Bidders shall submit a functional and technical proposal addressing all of the requirements set out in section 4 (Service requirements). This proposal should outline the methodology, processes and timelines, as appropriate, that Bidders intend to implement in order to fulfil the objectives of this call for tenders.

### 3.6 Pricing structure

Bidders shall provide a detailed pricing structure for the services proposed, as follows:

<i>Item</i>	<i>Rate</i>	<i>Price</i>
Mandatory services		
Integrated support services for 40 hours per week, including: <ul style="list-style-type: none"> <li>– Integrated remote maintenance of the RFID network, ensuring operational performance of the equipment, IoT infrastructure and follow-up with the stakeholders involved</li> <li>– Management and monitoring of all network development projects</li> <li>– Contract management with hardware and software providers, when required</li> </ul>	Annual	
Optional services		
Additional RFID maintenance support (up to an extra 40 hours per week, potentially up to 20 weeks within the year)	Weekly	
Middleware and IoT specialized development services (potentially up to 100 days)	Daily	

Bidders shall not include VAT in their pricing structure (see section 2.11 above). All pricing information shall be set out exclusively in Swiss francs (CHF).

### 3.7 Delivery and payment schedule

The target dates for provision of the services are as follows:

- Start date: 1 March 2026
- End date: 28 February 2027 (or 12 months from signature of contract)

The delivery and payment schedules should be proposed by Bidders in their pricing structures, and must be agreed with the UPU.

The services provided by the Vendor shall be invoiced in arrears on a monthly basis. The UPU will make payment within 30 business days of receipt of invoice, subject to its acceptance of the services provided and the Vendor's transmission to the UPU of any and all documentation clearly detailing the services to which the invoice pertains (in a format to be established by the UPU).

### 3.8 UPU General Terms and Conditions

Bidders shall include in their tender a statement of acceptance of the UPU General Terms and Conditions for the Provision of Services, attached hereto for reference.

The final terms of any contract arising from this call for tenders shall be defined by the UPU and accepted by the Vendor. Contract negotiations shall commence only after the final selection of a Vendor by the UPU.

## 4 Service requirements

### 4.1 Description of the services

Under the supervision of the UPU, the Vendor shall provide technical support for the UPU RFID network, including hardware and software maintenance and implementation. This service shall be provided within the current UPU environment, which comprises:

- an IoT platform set in an AWS environment;
- customized middleware embedded in the RFID equipment;
- tailored system integration of RFID hardware, comprising RFID readers from top-tier manufacturers, microcomputers and other components, to achieve a solution optimized for postal environments;
- several databases hosted locally and in the cloud to manage RFID registrations, data processing and streaming.

When required and in coordination with the UPU, the Vendor shall conduct software development activities and provide technical assistance to implement additional network components.

The Vendor shall also be responsible for assisting with and guiding the successful implementation of any related technological projects, from the collection of functional requirements through to project closure.

The Vendor shall be able to proactively anticipate issues and manage any changes to the requirements or scope during the performance of the activities described herein. In particular, the technical support services provided by the Vendor should comprise the following:

- coordinate the installation and remote validation of RFID systems, aligned with postal facility requirements and implementation plans;
- provide maintenance support services to ensure the continuous performance of the RFID network;
- manage direct communication and follow-up with hardware and software contractors, ensuring task execution, timeline alignment and quality assurance;
- provide technical leadership, coordinate field teams and guide implementation in cooperation with international stakeholders;
- draft and maintain technical documentation, including user guides, process documentation and training material;
- analyze system performance, identify opportunities for optimization and define new functional requirements for system improvements or new feature development;
- prepare and present reports on technical status, project milestones and risk management;
- support project planning and tracking using the Agile methodology and collaborative tools;
- ensure secure and scalable integration with AWS IoT and AWS services, providing technical input for deployment and long-term sustainability;
- contribute to continuous process improvement, supporting the quality, stability and performance of the RFID infrastructure in the global postal network;
- be available to provide support services during 40 hours per week, on an annual basis;
- have the capacity to increase support service hours upon request. It is estimated that up to 40 additional hours may be required for up to 20 weeks of the year (weekly rates to be provided for optional additional support services);
- have the capacity to provide software development activities upon request. It is estimated that up to 100 development days may be required (daily rates to be provided for optional development services).

### 4.2 Bidder requirements

Bidders shall be able to allocate sufficient resources to provide a standard 40 hours of support services per week (and potentially an additional 40 hours – see table in section 3.6) to ensure the correct performance of the network.

Bidders are expected to fulfil the following minimum requirements:

- at least five years of experience in network infrastructure and RFID implementation in postal environments;
- strong technical understanding of system integration and distributed operations;
- experience of RFID system deployment, including remote support, maintenance and troubleshooting;
- strong understanding of postal operations and how they integrate with RFID-based tracking and data systems;
- experience of managing and coordinating hardware, software and field contractors;
- ability to define and document system improvements and development requirements;
- practical knowledge of AWS IoT and cloud-based device monitoring and connectivity;
- at least three years of participation in international projects;
- availability to collaborate across time zones;
- fluency in English;
- excellent communication, problem-solving and documentation skills;
- willingness to travel abroad when required;
- motivation to contribute to a high-impact international initiative under the coordination of the UPU.

Bidders may propose one or more consultants in order to ensure the performance of the required services and activities described in this call for tenders. In this regard, Bidders shall provide the CVs and qualification certificates of the proposed consultants for further verification and evaluation by the UPU.

Bidders shall demonstrate a record of satisfactory performance in similar activities (i.e. reference letters and/or work completion certificates). The business transactions and activities carried out by the Bidder must be compliant with the mandates and principles of the UPU.

#### 4.3 Assessment criteria

Bidders will be assessed based on the following criteria:

- functional proposal: ability to provide the required services;
- technical proposal: assessment of the quality of the services, based on experience and technical expertise;
- financial proposal: actual price of the tender.

Failure to comply with the following criteria will be considered eliminatory:

- compliance with the required response format;
- compliance with the UPU General Terms and Conditions for the Provision of Goods and Services.

The technical proposal shall be assessed on the basis of the following criteria:

<i>Criteria</i>	<i>Points obtainable</i>
Experience in the postal environment	15
Experience of remote troubleshooting and maintenance of RFID equipment	25
Technical expertise in managing RFID networks using IoT	25
Technical expertise in deploying RFID hardware	10
Technical expertise in deploying software tailored for the use of RFID technology	25
<b>Total</b>	<b>100</b>

Bidders shall provide evidence of their ability to meet these requirements by means of a list of references.

#### *4.4 Duration of services*

The services are scheduled to commence in March 2026 for a total contract term of 12 months.

#### *4.5 Location of the services*

The Vendor shall in principle work from its own premises. However, it may be asked to perform activities in the field. Travel and allowance costs will be covered by the UPU upon agreement.

The Vendor or its assigned consultant shall liaise and work closely with the UPU (as instructed by the latter) and may be required from time to time to carry out certain tasks from the headquarters of the UPU in Berne, Switzerland.

#### *4.6 Reporting*

The Vendor shall provide the UPU with regular reports setting out the relevant services performed by the Vendor during that time frame. Such reports shall be prepared in accordance with a structure and format defined by the UPU (i.e. time sheets, project management tools, etc).

#### *4.7 Other requirements*

Bidders shall describe any relevant procedures for ensuring the continuity of the services provided and for appropriate backup and retraining, as well as any relevant procedures pertaining to project management and communication.

Bidders shall also confirm that their tender covers all costs associated with the provision of the services referred to herein. Any other costs to be incurred by the Vendor, including any travel and subsistence costs incurred in the provision of the services at locations other than its own premises and specifically designated by the UPU, shall be subject to the prior written consent of the UPU. No other fees shall be paid, with the exception of reimbursement of other unavoidable costs incurred for successful delivery of the services, which shall also be subject to the prior written consent of the UPU.

#### *4.8 Additional information*

Bidders may include any additional information that they deem necessary or relevant in order for the UPU to gain a clear and detailed understanding of the services being offered.
