Digitalizing the postal industry through automated cross-border compliance

UPU

October, 2022

Egon Veermäe, COO of Eurora

Eurora provides cross-border compliance making it leaner, faster and more cost-efficient utilizing AI/ML

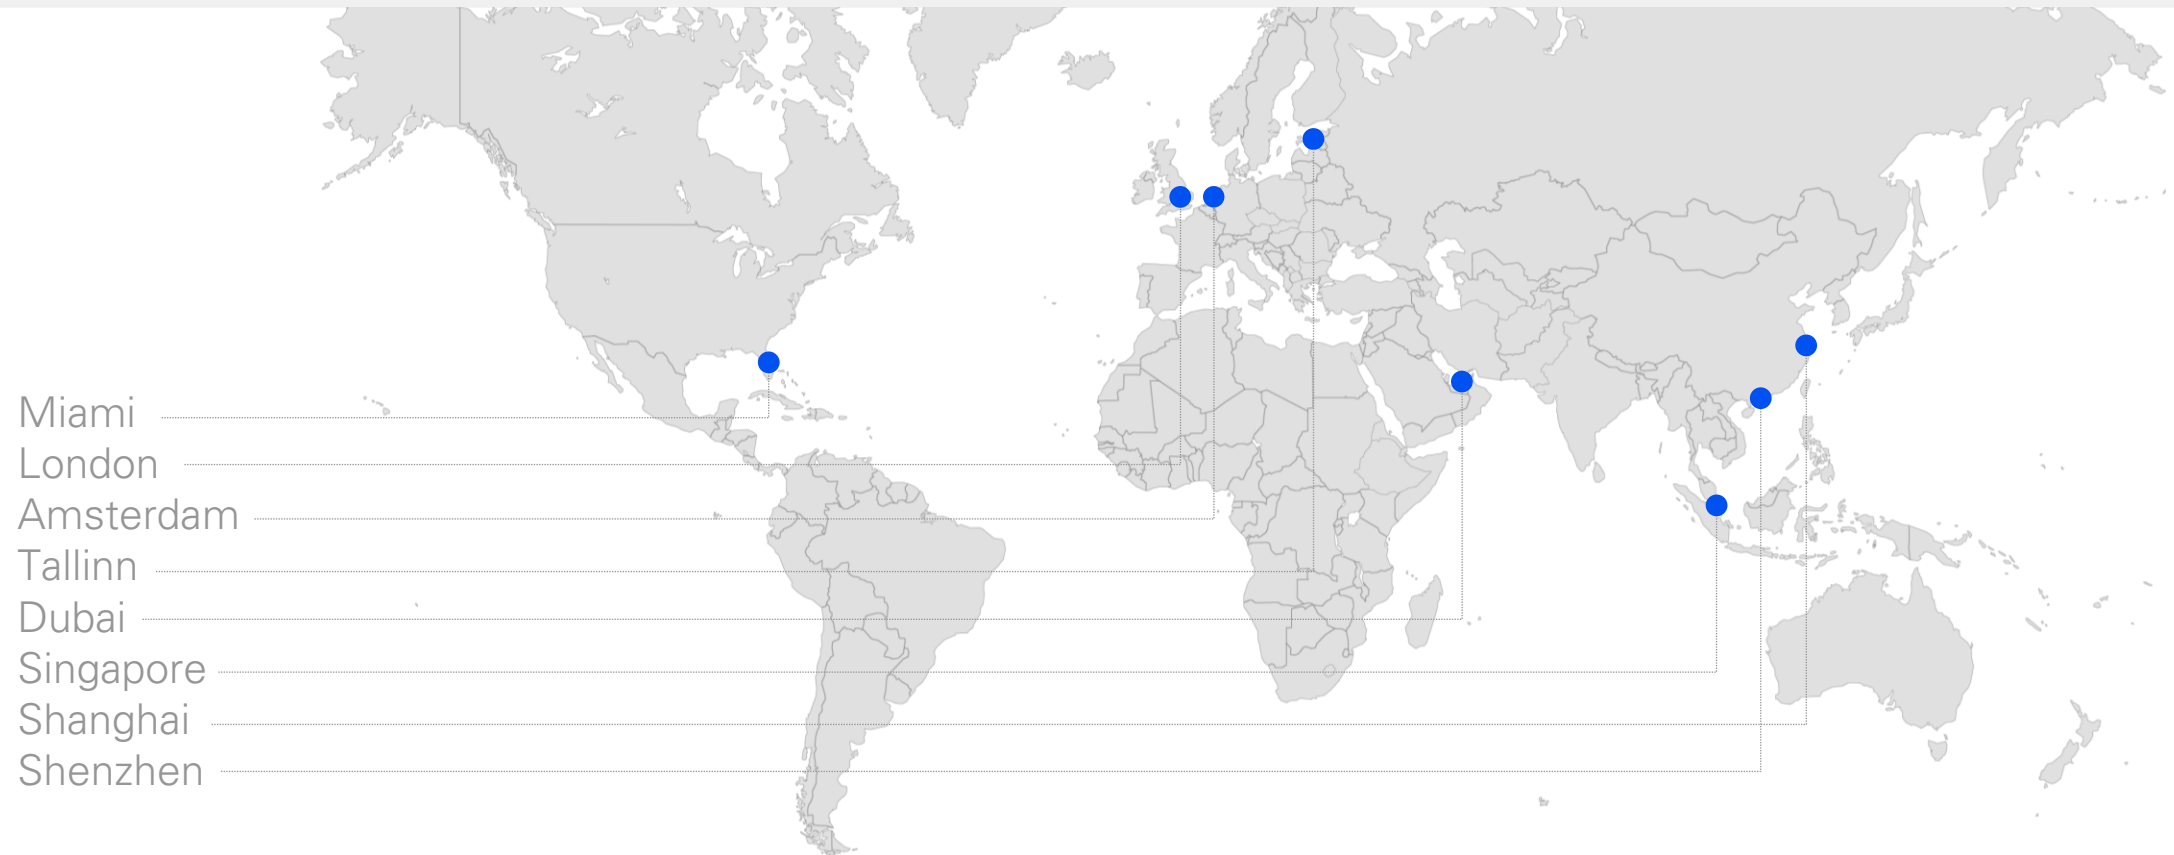

Developed with scientists from the world's top universities

Innovation and Research Centre: the next step in our growth strategy

We are your global reach for cross-border compliance

Postal companies are facing a number of challenges

Transparency

Is the order compliant with rules?

1

High admin costs

Still figuring out how to save costs on storage and workforce?

2

Poor customer experience

Complicated process for customer to pay duty?

3

Slow processes

Are you still losing time on manual checks?

4

Automate 99% of your inbound volume
