

Dear Sir/Madam,

This circular is issued pursuant to article 33 of the UPU Convention and articles 33-201 and 33-202¹ of the Convention Regulations and concerns the publication of the remuneration rates for parcel-post items in 2027.

Remuneration rates for parcel-post items

Following the decisions of the 28th Congress, with effect from 1 January 2027, the inward land rate (ILR) system is being discontinued for the remuneration of parcel-post items and will be replaced by a new self-declared remuneration system derived more from the priority single-piece tariffs of equivalent domestic services.

Under the new methodology, designated operators (DOs) were required to provide the International Bureau (IB), by 1 May 2026, with the charges, exclusive of VAT or other taxes, for the priority single-piece parcel service in force on 1 May 2026, corresponding to the following weight steps: 250 grammes, 500 grammes, 1 kilogramme, 2 kilogrammes, 5 kilogrammes, 10 kilogrammes and 20 kilogrammes. These charges are subject to further conditions in relation to zonal tariff systems, as well as the specifications of the domestic parcel service as set out in the abovementioned articles. Those domestic tariffs form the basis for calculating the country-specific ceiling parcel remuneration rates in accordance with Convention article 33.1.2 and are reproduced in Annex 2 for reference and transparency.

The parcel remuneration rates consist of a per-item and a per-kilogramme rate which may be self-declared by the DO subject to the conditions set out in Convention article 33. Where a DO does not notify self-declared rates, the country-specific rates are determined by the IB in accordance with the provisions laid down in Convention article 33. In both situations, those rates are subject to the following conditions:

- a In accordance with Convention article 33, if the DO fails to notify the IB of the relevant domestic tariffs, then the minimum rates provided for in Convention article 33.5 shall be used instead of the domestic tariffs in determining the revenue in point b below;
- b At the weight point of 4.652 kg, the revenue of the parcel remuneration rates shall not exceed the maximum revenue calculated in points c to g below;

¹ Articles 33-201 and 33-202 as amended by the Postal Operations Council with effect from 1 January 2027, see circular 68/2026.

- c Transition revenue: In accordance with Convention article 33.2, at the average weight of 4.652 kg, the revenue of the per-item and per-kg rates shall not exceed the combined revenue that is based on the calculation of the following two components:
 - i 25% of the revenue calculated on the basis of the abovementioned ceiling rates;
 - ii 75% of the revenue calculated on the basis of the 2026 ILRs (as determined in accordance with the relevant calculation rules in Convention article 33.2);
- d For the purposes of determining the parcel remuneration rates, the revenue in point c shall be adjusted to ensure that it is not more than 10% below or 20% above the revenue of 2026 at the same weight of 4.652 kg. It shall furthermore not be less than the revenue calculated at the same weight on the basis of the minimum global rates of 4.560 SDR per item and 0.448 SDR per kilogramme (corresponding to a revenue of 6.644 SDR for a 4.652 kg parcel);
- e The designated operators of Egypt and India invoked the provisions in Convention article 33.4 and substituted the maximum revenue in points c and d above with the per-parcel and per-kg remuneration rates in Convention article 33.1.1;
- f In points c, d and e above, the 2026 reference remuneration rates are inclusive of the allocation of 40% bonus payments in relation to the base rates of 2026 and exclusive of the amount of 1.200 SDR where the domestic equivalent service does not include proof of delivery (POD) (Convention articles 33.2.5 and 33.3.3);
- g Further conditions and calculation rules apply as set out in article 33 of the Convention and article 33-201 of the Convention Regulations.

A DO may self-declare its per-item and per-kg rates, provided that the revenue calculated at the weight point of 4.652 kg does not exceed the maximum revenue calculated at the same weight point. In the absence of the notification of self-declared per-item and per-kg rates, the parcel remuneration rates in Annex 1 were determined on the basis of the maximum revenue (article 33.7.1).

In all circumstances, the minimum rate per item shall not be less than 0.500 SDR (or the equivalent thereof in local currency). This amount was deducted from the per-item rates in table 1 of Annex 1. This amount can be fully recovered through the performance-related remuneration provided under article 28-002 of the Convention Regulations.

Rates for parcels with proof of delivery

The additional payments for parcels with POD are shown in table 1 of Annex 1.

The additional payment is 1.200 SDR per item or the charge applicable in the domestic service for which the notified equivalent charges in the domestic service, exclusive of any taxes, were converted to SDR using the average monthly exchange rate as

specified in Convention article 33.8.1. The remuneration shall not be paid to those DOs whose domestic service tariffs notified in accordance with Convention article 33.1.2.1 are inclusive of POD; this is indicated by the amount of 0.000 SDR.

Supplementary rates for delivery in non-contiguous zones

Pursuant to Convention article 33.9 and article 33-202 of the Convention Regulations, where the domestic tariffs for a parcel weighing 4.652 kilogrammes with delivery to the non-contiguous zones were excluded from the calculation of the ceiling rates, the destination DO may apply a supplementary rate (per item) to its self-declared rates for items delivered to these zones. These supplementary rates are provided in table 2 of Annex 1.

Any queries regarding the content of this circular should be sent to the Remuneration Development and Integration Programme for the attention of Ms Siham Houhou (houhous@upu.int) and Mr Vytis Staskevicius (staskeviciusv@upu.int).

Yours faithfully,

Siva Somasundram
Director of Policy, Regulation and Markets
